Death of Mr. R. McCann

Noted Strathmore Pioneer Dies in Calgary.

The news was received on Tuesday of the death at his home in Calgary of Monday evening of Mr. Robert McCann, one of the earliest settlers in the Strathmore district, at the age of 76 years. Deceased had been in failing health for some time, and his demise was not unexpected.

He came out to Alberta almost forty years ago from Owen Sound, Ontario, at the same time as the late Mr. James Shoolbred, and was ranching east of Strathmore until the town got under way, when he opened up a butcher business under the name of the Pioneer Meat Market, in the building now occupied by Mr. James V. Moran.

Later he built the present Pioneer Meat Market on Second Street, which he sold, on retiring from active business, to Mr. Geo. Smith. He then moved to Calgary, where he has resided since.

He is survived by his wife, and one daughter, Pearl, with whom much sympathy is felt in their bereavement.

With Mr. McCann there passes one of the real old timers of the Province, a friend to everyone, and with a cheery word and joke with those he met in the day's work.

Farmers Meet Saturday

Livestock Pool To Be Explained. Mr. A. B. Claypool, M.L.A., will speak in the Memorial Hall, Strathmore, on Saturday, on the Alberta Livestock Pool. This subject should be of great interest, and a general invitation is extended. The meeting is open to all interested.

United Farmers of Alberta Strathmore Local

A MEETING will be held in the Memorial Hall, Strathmore, on Saturday, January 16, at 2 p.m., which will be addressed by Mr. A. B. Claypool, M.L.A., for Didsbury, and Vice-President of the Alberta Livestock Pool. Everyone is welcome.

Good Yields

61 Bushels Wheat Reported

Among the very good yields of grain harvested last fall, in addition to those formerly given in the Standard, may be mentioned H. Hilton, of Nighthale, who threshed 58 bushels of wheat per acre from 150 acres of stubble crop. C. H. Mills, also of Nighthale, had 41 bushels of wheat per acre on 80 acres in section 22-25-25. In the Rockyford district the following yields have come to our attention and are worthy of comment. J. Muenchrath had 80 acres of wheat which averaged 51 bushels per acre and of which 45 acres were fall irrigated in 1924 and yielded 61 bushels per acre. O. M. Wise, on section 25-26-24, had 55 acres of wheat that yielded 48 bushels per acre. The Hutterite Brothers had 500 acres of wheat that averaged 55 bushels per acre. H. Dunsmead had 15 acres of alfalfa that yielded 3.3 tons per acre and this return shows that alfalfa does well in this district.

Keoma Notes

Mrs. Remiller acted as hostess last night at a most enjoyable social evening. This was the second of these Friday evening events, and the number of people that turned out spoke well of the pleasure they enjoyed at the first, held last week at Mrs. Galloway's. Over seventy people attended and many tables of Progressive whist were played, and charming prizes were given. At eleven o'clock supper was served, after which some solos and community songs were sung. Mr. Remiller's radio was greatly enjoyed also. The sum of \$11.30 was collected, to be added to our hall "sealing" fund. The next of these events will be held at Mrs. F. Brown's next Friday, and it is to be hoped that the folks will be glad to see Mrs. Kington Sr.

A U.F.W.A. meeting will be held next Saturday, January 16, to choose a delegate for the convention. We are glad to see Mrs. Kington Sr.

Auto Upsets in Creek

Two Men Injured

While John Smithers and C. Davis were proceeding homeward to Basano Saturday in a Ford coupe, on their way from Calgary, their car slipped while they were going down the creek eight miles east of Strathmore, and struck the railing, which gave way, and the car overturned into the creek eight feet below.

Mr. Harold Scheer took the victims of the accident into Strathmore, where Smithers, whose face was bruised and cut severely by glass, was attended by Dr. Moore. Davis suffered from a wrenched shoulder, but was otherwise unharmed. While Smithers' injuries are painful, the wounds are superficial, and there will be no permanent damage.

The body of the car was considerably damaged, and the probability is that if the men had been driving in an open car they would have been killed. The steering wheel was wrenched completely off.

Burns Night on 25th

"A Rale Scotch Night"

Arrangements are progressing for a Burns' supper, concert, and dance, to be held in the Memorial Hall, Strathmore, on the night of the anniversary of the National Poet, January 25th. Mayor Bell, being a good Scot, and a good scout, is making the preliminary arrangements, and all the Scotsmen and Scotchwomen in the district, as well as those who have Scotch sympathies and affinities, are invited to take part in the tribute to the immortal Memory. "Aye, man, it'll be a grand night" attend as well again.

again in the district. If only for a short time, Mrs. Kington is visiting Mr. and Mrs. Vaughan Kington at their farm.

Mrs. Hector McKay is visiting her relatives in the States.

The Legacy

Strathmore Man

Killed at Vancouver Over By Train.

News was received here Monday that R. Pearce had been run over and killed by a C.P.R. freight train at the Vancouver waterfront.

He left Strathmore some weeks ago with the cessation of outdoor work, and had been staying at the Stanley Hotel, Vancouver.

Deceased had been working for the C.P.R. on irrigation construction here for the past fifteen years, and was with Mr. Geo. Adams' camp for the greater part of last year. He was one of the oldest and most faithful employees of the irrigation department, and was much respected in the locality. His father resides at 29 Ivy Street, Southsea, Portsmouth, England.

Town Council Elections Soon

Meeting On Tuesday

A meeting of Strathmore Town Council was held on Tuesday evening last, but very little business was before the meeting. Mayor Bell presided. A number of accounts were passed for payment.

A deputation from Strathmore G.W.V.A. appeared before the Council, and requested a remission of taxes for 1925 on the hall, and also a grant of \$500 towards the insurance on the hall. The Council agreed to do this, which is in line with action taken for several years past. Total insurance of \$11,300 is carried on the hall.

Election Approaching. The annual ratepayers' meeting will be held on Friday, January 29th, and nomination day will be Monday, February 1st, with election day the Monday following.

Namaka Man Rescues

Child From Elbow River at Calgary

Had it not been for the courage and presence of mind of Mr. Alex. Montgomery, of Namaka, a seven-year-old girl, Josephine O'Sullivan, of Calgary, would not have been saved from the Elbow River at Calgary. The girl's six-year-old brother, John Patrick, who had gone to her assistance when she fell through the ice, was, unfortunately, drowned, having been carried away by the current. Mr. Montgomery, who rescued the girl from the river, said that he had been visiting his son in Holy Cross hospital and was just turning on to the Elbow Park boulevard when he saw two youngsters crying by the road. He stopped his car and asked them what the trouble was. They told him that a little girl and a little boy had fallen into the river.

Plunged Into Water. Mr. Montgomery, who was accompanied by his wife, drove down to the river bank and saw a little girl clutching with both hands to the ice and the water was almost up to her shoulders. He waded out into the river, lifted the child in his arms and then carried her ashore. Some one then noticed the boy in the water about 100 feet down the river so Mr. Montgomery plunged into the water again and with the assistance of Victor Marshall, brought the lad ashore. He had been under the water for several minutes, however, and although Dr. Robertson, who had been called from the hospital, tried artificial respiration there was no response.

While the lad was being rescued, the little girl was taken to her home where she was attended by Dr. T. F. Campbell, who reported that she was suffering from severe shock and immersion in the icy water. Her condition, however, was pronounced favorable.

A fire brigade truck arrived just as the boy's body had been taken from the water and Detective Sergeant D. A. Years, Detective W. J. McDonald and Constable McDougall of the city police also attended the accident.

Police officers stated on Friday that the prompt action of Mr. Montgomery prevented a double drowning. The little girl was weak from shock and told when Mr. Montgomery entered the water and she could not have held on for more than another half minute.

Cheadle

Messrs G. G. Craig, R. H. Wade, R. Newmeyer, F. Amison, O. Edwards, R. H. Miller and J. Halliday were all business visitors in Calgary during the past week.

Dick Kays and Johnie Sabatini have completed their auto-drome on the Kays place.

The annual school meeting of Cheadle school district was held on the 9th, with an attendance of five, one trustee to be elected, and Mr. R. H. Miller got the job.

Mrs. O. G. Craig left for Calgary for a few weeks visit with relatives and friends, and Miss Mary Craig is coming home for awhile.

A play and dance is to be held in Cheadle Ladies Club Hall in the near future, also a 500 drive and dance, the date of which will be announced later.

Mr. and Mrs. Ted Hartell have been visiting relatives at High River for a few days.

Mr. Chas. Hartell has been busy unloading bridge timbers for bridges on main auto road.

Mr. Kinton, our postmaster, is around again after a seige of rheumatism.

Strathmore 12, Gleichen 3—
Strathmore completely outclassed their opponents in a game played on local ice on Friday evening before a big crowd, the score being 12-3. The Gleichen defence could not cope with the speedy forward line of the local boys, and Py Groux kept slipping them into the goalkeeper of the opposition to fast for him to handle them.

It was a pretty game, and closely played. Gleichen made a better show in the third period than in the other two, though they only scored once in the third period.

The ice was a bit soft, but not so soft as to slow down the play.

Teams were as follows:

Strathmore—Goal, Brown; defence, McFarland and Gannon; forwards, P. Groux, T. Giron, W. Gray; Goal, Gleichen—Goal, Dick James; defence, Mackay and Wright; forwards, Gooder, Brown, Hunter, Groves.

Referee—F. McFarland.

GLEICHEN 9—STRATHMORE 8

The return game to Friday's game at Strathmore was played at Gleichen on Tuesday evening, and was very close, the decision in favour of Gleichen being reached after twenty minutes overtime.

Gleichen had a decided lead in the first two periods, scoring 2 in the first period, while Strathmore did not score at all. In the second Gleichen scored 3 and Strathmore 1. In the third period Strathmore rallied magnificently, tying the score at 4-4.

Gleichen team was as follows: goal, D. James; defence, Young and Wilson; forwards, Hunter, Mackay, Brown; sub, Wright, Groves, Wood. Strathmore line-up was the same as on Friday.

Goal scorers for Strathmore were: W. Gray, McFarland 2-A. Giron 2.

Curling Notes

While the weather has not been really cold, curlers were able to indulge in the roaring game last week, the president versus vice-president draw was won by the vice-president's side by a score of 21-16.

This week the Brewery Competition is under way.

Herewith are the scores for the first named competition.

SUGAR FACTORY PRODUCTION

The output of the new Raymond sugar factory following the first season's run, will be about 80,000 bags of sugar, from about 45,000 tons of beets. The run was not as heavy as first expected, but was quite satisfactory. The pulp and other by-products of the plant are to be used in stock feeding experiments.

Social-Personal

Mrs. Will Harwood, of Rockyford, daughter-in-law of Mrs. Geo. Smith, underwent a serious operation at Calgary on Saturday. She was very low on Saturday, but was doing better during the week-end, and good hopes are held out for her recovery.

Mr. Sid Williams, of the C.P.R. valuation staff, was a visitor to Strathmore this week. Sid was for a considerable time with the local C.P.R. Irrigation Department, and occupied an important position with the company's exhibit at Wembley, England, Exhibition, in 1924.

Mrs. M. Moore, of Calgary, mother of Mr. S. Moore, visited at Strathmore over the week end with Mr. and Mrs. Moore.

Mr. W. B. Cope, of High River, has been visiting with his parents, Mr. and Mrs. J. Cope. He is conducting a successful vulcanising business in High River.

Mr. and Mrs. Tom Glenning arrived back last week from a two weeks visit to Manitoba.

Mr. F. McFarland, Toronto, visited with his brother, Mr. A. V. McFarland, local telephone manager, for a couple of days last week, and while here referred the hockey match on Friday.

Mr. and Mrs. James King, of Calgary, visited over the week-end with Mrs. King's father, Mr. P. H. Lilly.

Mr. and Mrs. Frank Young and family have returned from New Brunswick, where Mrs. Young and family had been for some time, Frank going down for the Xmas holidays.

Ice Carnival Jan. 22

Rosebud News

(Too late for insertion last issue)

Mr. and Mrs. Jack Campbell are enjoying a visit from Mr. Campbell's brother and wife from near Edmonton.

Mrs. W. E. Payne left Monday night for a visit to her relatives in New York State.

The U.F.A. dance was a real success, and if anybody left hungry it was not the fault of the ladies.

Mr. and Mrs. G. Gow were Saturday evening callers in the Comstock home.

The Ladies Altar Society are giving a dance next Friday, January 8, in Rosebud hall. Mrs. Grant and Mrs. Vigar are on the committee and assure you of good music and a good time. Everybody attend.

We are very sorry to report the serious illness of Nurse Hutton, of the Rosebud staff. All knew Miss Hutton in her girlhood days near Rosebud, and we hope to soon hear of her recovery.

A vote of thanks extended by the meeting.

Mrs. F. Winder was elected delegate to the annual convention.

The next meeting will be held Jan. 23, at the home of Mrs. Benson. The roll call is "Current Events." Lunch was served to the U.F.A., and a social hour followed.

Carseland

We regret to report the death of Mrs. Ida Dick, in the General Hospital at Calgary, at the age of 21 years.

Mr. C. E. Cole left last Monday night for a visit to his old home in the east.

The U.F.A. held a meeting last Friday afternoon, a fair number being in attendance. Correspondence regarding the picnic ground was read, and it was decided to ask the two municipalities to advance sufficient money for the purchase, amounting to \$500.00. There were also orders for a car of coal taken and orders for about one hundred pounds of fish.

When we read about the cold unpleasant weather prevalent in the south and east, we should be thankful that we have our Florida belt weather.

The article taken from the Dalemend Junior U.F.A. paper, written by Mr. E. W. Phillips, of Dalemend, and published in last week's Standard, "What Ails the Dalemend U.F.A.," may well be applied to the Carseland U.F.A.

The annual meeting of the Carseland Consolidated School District was held last Saturday afternoon. A very good attendance showed the keen interest which the people take in the school and its management. Two trustees were elected, or rather, unanimously re-elected; Ed Williams for the Strangmair, and G. C. Melendy for Carseland districts, each for a term of two years. At a board meeting, held immediately after the adjournment of the annual meeting, Mr. Melendy was elected chairman for the coming year.

One item that might be of interest to readers should perhaps be reported, that is, that the auditor's report showed a decrease of over \$1,000.00 compared with 1924, and this, in face of an increase of teachers' salaries. Some heated discussion took place concerning the high school curriculum and the requirements necessary for a passing grade. The stand being taken that under the present system and requirements, only the very brightest pupils are able to pass, and many because discouraged long before they reach the eleventh grade. Raising the standard, on the other hand, would be to the only detriment of the present system. This was met by the statement that we had no right to assume that the only reason for thinking high school was to enter the teaching profession, and that the higher standards of teachers could be brought about in normal and preparatory schools. There is much food for thought in the subject, and well-worth the attention of everybody.

The C.S.E.T. boys and G.C.T. are planning an entertainment in the near future. This will be of a nature that can be enjoyed by all.

Mike Brown is running the dining room in the hotel recently opened by Mr. F. K. Miller. Some improvements have been made, making the place more up-to-date.

PURCHASES HIGH RIVER FARM

—O—

Mr. Fred H. Drumheller, who has large farming interests in the Rosebud country purchased the Charles E. Powers' farm, with all stock and equipment, of about 800 acres, located about eight miles to the south-west of High River. Mr. Drumheller will reside on and manage the farm here as soon as possession is had.

ALL ABOARD FOR "PNEUMONIA!"

These three youthful maidens so fast-decided tobogganing they would go. Lots of nice January snow out—side—nice hills in the neighbourhood—so what could be more fun?

And just for a lark, they decided on bathing suits instead of furs and woolens as appropriate costumes for their frolic. Thus armed, they ventured forth in a promising hillside with their toboggan sled and for an hour or more

sped over the frozen decline to their heart's delight.

At last reports, however, it was different—(sniff—sniff)—story. They were wrapped up in blankets—(sniff—sniff)—drinking hot lemonade—(sniff—sniff)—and their feet were immersed in steaming bowls of hot water—(sniff—sniff).

"Oh we 'ud 'dny 'down'—was their chorus.

ROCKYFORD NEWS

The Old Timer

What a world of nonsense is recalled in the name "old timer". It brings back our boyhood days and memories of the heroes created by Fenimore Cooper.

Many of our first impressions of "The Great West" were derived from the "Declaratory" or "The Last of the Mohicans", and so all of us in our meeting with these pioneers of the "Prairie" feel that sentimental presence, which has always existed between the old and the new.

When we came here the "old timer" was the last of the cattlemen, and we are scared to think that the first of the farmers will be the old timers of tomorrow. Time surely flies. During the days when we hauled our lumber, coal and groceries from Strathmore, we came much in contact with the last of the cattlemen, and our experience of their social propensities recall one foot up on the rail and a head like a pot for the next day or two, and the details of which would scarce make reading for a person's son. But we had lots of fun if we could stay with it, and the "King George" and "Maple Leaf" held many a merry party. Then days are gone forever.

We have one of the old boys back with us again in the person of Art Barnes, of Hainre, having arrived from Kinscy with a "bunch" of horses. Art is a likeable character, and his stories of the days when he hauled his supplies from Calgary are worth listening to.

He says Calgary, when it was a cow town, was a very respectable place, but since it had grown up it had not a sweetish head.

Art came through there not long ago, and had stood at the corner of 7th avenue and 1st St. West, and looking up, was comparing the Hudson Bay store with the one that he had known on 8th avenue and centre street when Mr. Polteman came along and told him to move off. "He says 'I was so plumb mad I could have chewed him up, and gal darn it, he knew more about it when I was

Tudor Wedding

RUDD-LEONARD

The marriage of Miss Lucy D. Leonard, eldest daughter of Mr. W. H. Leonard, of Tudor, to Eric Thomas Rudd, youngest son of Mr. W. T. Ruddle, J. Angle Court, Calgary, was quietly solemnized at Knox church, on Wednesday, January 6, at 2:30 o'clock. Rev. Geo. Dickson officiating. Miss Betty Leonard, sister of the bride, and Mr. Warren C. Cooper (Nanton) were the attendants.

After the ceremony a delightful wedding breakfast was served at the home of the groom's parents, and a few friends were present. After a honeymoon at the coast, Mr. and Mrs. Rudd will live at Rockyford, where Mr. Rudd is engaged in farming.

through with him, and ye ought to have seen him look when I said I could buy the darned old burg on the police force along with it."

A pleasant rendezvous was the ranch house of the Cullen boys, north of Hainre, and here many of the new settlers came into touch with the last of the cowpunchers.

The late Perry Waddy was a frequent visitor, and no round-up was complete without his presence. Perry maintained that cattle or horses could not be driven without the help of his particular vocabulary.

The hospitality of these Ranch Houses was proverbial and many a boy "settler" spent his holiday there. We thought for a time that Tom Cullen had adopted "Al" Miller, of Rockyford, and Jim Ronnie of Tudor, at any rate they were "Star" boarders.

Another popular Resort was Jack Briggs place resting at the foot of the hills east of Rockyford. At this time Jack was the proud father of two baby "Cow Punchers" and there was none like them in Alberta, before a cowboy job at the fringe ranch he had to be fond of children and each needed the world along. "Play with the kids and you don't have to ride a mile."

Tudor Notes

With Rev. Rogers acting as chairman the Tudor Christmas Entertainment was given in the local school in which all the children took part.

All the programme was enjoyed and there was a fair though much appreciative audience, quite a few being parents of the children, and friends from Hainre.

The recitations were well given and there were several songs by the children. One was of special notice. The Flag of Nations, all the young people carried flags and in the centre of front row was a white flag on which was marked Peace, all other flags being subservient to it during the whole song.

Three young ladies acted as Japanese Maidens and were beautifully dressed for the occasion and sang very sweetly.

Miss Christie McMillan sang a solo which was well rendered, Miss Drusilla Browns was her accompanist.

In the second part of the programme there were four young ladies dressed in the costumes of years ago. At the close of this number the French Minuet was most affably and appreciatively performed.

The boys did not want to be outdone so they appeared as the Jolly Girls Club, doing justice to the farce, and their hats would be a good addition to any military establishment. The chairman was Sherman Browns and his costume was the best of any.

The last of the program was a rope drill. This brought out every good point in the children, and showed tact in rhythm and sense of location, as well as the mental strength and endurance of the twelve girls and twelve boys.

In this drill was also the song of Christmas greeting, the closing untied chorus, and the promiscuous throwing through the audience of paper roses and carnations. The distribution of gifts and passing and candy boxes containing candy and nuts to the children was supervised by Mr. Lester Schaler, for the most proficient aid of Santa, who stopped enroute for a few moments.

The candy boxes and contents were donated, also the flowers, by a party who is too shy to let his name be known.

Mr. Rogers' remarks were worthy of comment, and he gave some good advice to the young people.

Both Mr. Bradwell and Mr. J. Best, who had the drilling of the children for weeks past, were called on for speeches, and both, in very few words praised the work, efforts and efficiency of the children, ignoring the part they took in presenting the programme.

All the numbers, save one, were given by the children, and that was by request, while there was a delay in part of the programme, and was unannounced by the chairman. It was the rendition of the Christmas Carol, and Holy Night, by Mr. Best.

The accompanist work, save the solo, and a very pretty and well-rendered pianoforte solo by Miss Agnes Thorburn, was done by Mr. J. Best, who was busy enough without his pianoforte solos. He is always willing to do his part in anything that aids in success for events in and around Tudor.

DR. R. H. DENHOLME, D.D.S., Calgary will be at Rockyford every WEDNESDAY Situated at McGuire's Office. Phone 1.

HIGH SCHOOL VOTE CARRIES

The high school vote went over strong, 53 voting for, with 25 against. Construction of the new school can be expected to commence in the spring when the necessary arrangements are completed.

The High School will be a great aid to education, and the people of the district are to be congratulated on their attitude in the poll.

Church of England service will be held in the schoolhouse at 11 a.m. January 17th.

Miss Pauline Griffiths entertained quite a number of young people at a card party last Friday evening. A good time was had by all.

Ukrainian Xmas was celebrated at Rockyford.

The Ladies' Imperial Orchestra are putting on a dance on the 18th inst.

Mrs. Wm. Harwood, who underwent a serious operation, on Saturday, is reported doing well.

Mrs. Alice Danmore, of Spokane, Washington, is renewing acquaintances in Rockyford for a few days.

AUTO LICENCE REVENUE

Revenue from auto license in Alberta during the year just closed had totalled \$955,000.00. The number of autos for which license has been issued up to November included 12,250 passenger autos, 1765, motor trucks, 2036, motorcycles 131.

UNITED CHURCH NOTES

Heur Nellie McClung! Rockyford is favoured to have a visit from this distinguished author. Sometimes, however, McClung appeared in Winnipeg, the hall was crowded two hours before the time of her lecture. Mrs. McClung will lecture on "The Humours of Everyday Life". This will be in the hall on Friday next, the 15th.

We purpose holding a Church Social for all our people in the Church some time during the present month. Please talk about it.

Mr. Rogers has been building himself a small sleigh, but he hopes he will not use it until the latter end of this year. However, "Be Prepared" is a good motto, and we may get a whiff of winter yet.

LOCAL JOTTINGS

A new eight-piece orchestra, the Tachopaters, visits Strathmore on Friday of this week. Dancing is the most popular amusement in Strathmore this winter, and we have no doubt the boys with the queer name, who are reputed to be a first-class orchestra, will draw a big crowd.

As will be seen from our advertising columns, the sale of Mr. R. P. C. Van Metman's furniture and house takes place on January 22nd. Mr. Van Metman, who has interests in various parts of the globe, will leave shortly for Holland, where he intends to reside for some time.

Professor Ottewill, of the Department of Extension of Alberta University, will speak in Dailem on Saturday, January 23rd, on the subject of "Evolution." The posters advertising the lecture ask "Are You Man or Monkey? Come and Find Out." Dailem may be in the limelight, as Dayton, Tennessee, was some time ago. If it continues to do this sort of thing, any Professor Ottewill is an interesting and able speaker, and those who attend are assured of an instructive evening, even though the subject of their ancestry is not solved to their satisfaction.

A local man who went to Vancouver recently, said that so far he has not been able to see much of it on account of the fog, but that he hopes that there will be an opportunity to see it before he leaves finally. Sometimes we do not realize how lucky we are in Alberta.

Mr. P. W. Dockery, who has for some years past been in charge of Berta Vale School, has accepted a position at Loyalist, Alberta, for which point he left last week. Mr. Dockery is an exceptionally able teacher, and made some fine records with the children of Berta Vale School, taking high marks at the local School Fair for several years. He also organized a strong branch of the Junior Red Cross. Mrs. Dockery and family have also moved to Loyalist.

Last December was the mildest since records were first taken in Alberta forty years ago. The executive of the G.W.V.A. acknowledge with thanks the receipt of \$75 towards the hall fund, being the proceeds of the Choral Society Concert last month.

Mr. E. F. Purcell, of Brooks, will run as Conservative candidate in Bow Valley riding against Hon. Chas. Mitchell, leader of the opposition. Mr. Purcell is at present owner of a store in Carleton Place.

Mr. Chas. Allan, of the C.P.R. exhibits staff, expects to leave Strathmore at the end of this week on exhibition work. Mr. W. M. Taylor of the same department, who had been away in Winnipeg for a week, returned on Monday, bringing his curling rocks with him. He says that the fine weather extends all the way to the west.

ORAGANTLER NEWS

The annual school meeting was held in the school house on Sunday, January 10th. After some discussion, the piano was taken over by the taxpayers, there being \$115.00 paid on the piano by subscribers and donors. After fifteen years it was decided to have a flag staff and flag bought and erected when the 100th year of the ground. H. H. Ellis, with a few cents in his eyes, rose to his feet and said he was a Yankee and said that most of these present were Yankees, but they did not mind the Canadian flag, or, put it right; he wanted to be friendly with John Bull, but they were not. He said that the school was built, and all the water for the children and horses is carried in a 3 gal. can. A motion by J. A. Grant, seconded by L. Seigensma, that the council put down a well this coming summer.

Mrs. D. R. Elder was returned as trustee for another term. I may say, in closing that it is a very good thing to remember the last of your kind, but we should do our best for the land we are making our homes in, whether we adopt it or not. About one hundred friends of Mr. and Mrs. David McLean, of the Pelly side farm, surprised them the night of the first, and with a five-piece orchestra, composed of Laramie, Meath, Wilson, Miss Stubbs and Grant, entertained the party till the wee small hours. There was quite a number of Scotch dances, danced in first-class style. Mr. and Mrs. McLean landed the party, and a very pleasant evening everyone enjoying the splendid refreshments. Dancing preceded till three in the morning, after which they all gave three cheers for Mr. and Mrs. McLean and family, and with Aunt Lang Syne, departed, greatly delighted.

Langdon Notes

Mr. and Mrs. Meek, of Acme, were weekend guests at the home of Mr. and Mrs. A. McNeil.

The Langdon Bats defeated the Dandy Dudes in a good game of hockey Sunday afternoon. Score 4-1.

Mr. R. G. Thomas, principal of the school, spent the weekend with his family in Calgary.

Mrs. Salvorson, prominent Canadian author, will give a book review at the meeting of the January W. L. Wednesday, January 20th.

Langdon friends sympathize with D. Dick, of Carleton Place, in the death of his wife, which occurred yesterday at a Calgary hospital.

A report today says that Don Corgrave broke his leg Sunday while playing hockey at Bruce Lake. He certainly has more than his share of bad luck.

THERMODYNE

THE FAMOUS MASTER CONTROL

Thermodyne pleases everyone in the family. No need ever to miss what is going on or to "stand by" till "dad" comes home. A child who has never seen a radio can get station after station with one turn of the Master Control. You will get the idea when we explain that Thermodyne is simpler and quicker than the telephone. It will give you a dozen or more contacts with distant cities in less time than it takes to connect one local telephone call. In fact, Thermodyne is the Aladdin of Radio, and is as instantaneous in performance as the Magical Lamp of Arabia.

ELECTIONS

Elections for the Council of the Town of Strathmore will be on within the next three weeks. There will be more competition for the vacancies. According to reports, than there has been for several years, which is all to the good.

Strathmore needs a live Town Council this year. The electric light scheme will probably be put through during the coming summer, and there is much that might be done in modernizing the town.

Installation of water and light would we believe, have the effect of doubling the population of Strathmore within two or three years. People nowadays are not content to live in places where the methods of several hundred years ago still govern. We have got to go ahead or stagnate.

An electric light and water system, put in twelve years ago, would have been paid for just now, and would have saved the huge amount invested by residents in small lighting plants and in wells.

Matters, such as rest room, auto camp, road sign, etc., were brought before last year's Council, without, apparently, anything being done.

The fire fighting system that everyone was so keen on following the 1924 fire is not any further advanced than it was then.

This is the time of year for the citizens to take an interest in the town's affairs, and to let the candidates for their suffrages know what they want.

PROGRESSIVES ARE ON THE TOP

Canadian policy for the present session of the Dominion Parliament seems likely to be dictated by the representatives of Western Canada, no party having a clear majority, and the balance of power being with the Progressives.

If this power is exercised properly Canada as a whole will benefit. If it is not the Progressive party will disappear from the scene at next election.

If the Progressives can compel the Liberals to carry out only part of their election platform, such as rural credit, the restoration to Alberta of its natural resources, the completion of the Hudson Bay Railway, and the reduction of the tariff on articles such as automobiles, where the tariff is being used to enrich individuals at the expense of the consuming public, they will have justified their existence.

THE CHILD UNDERSTOOD

Like all people whose work brings them into intimate relation with the human side of things, Sir Herbert Barker, the famous manipulative surgeon, has a great liking for children, and many of his best stories are about them. Here is one.

"Daddy, is to-day to-morrow?" asked little Willie.

"No, my son, of course to-day isn't to-morrow," answered his father.

"But you said it was," objected Willie.

"When did I ever say that today was to-morrow?"

"Yesterday," answered Willie.

"Well it was. To-day was to-morrow yesterday, but today is today just as yesterday was today yesterday, but is yesterday today. And to-morrow which makes to-day yesterday and to-morrow all at once. Now run along and play."

DALEMEAD NOTES

Word was received in Dalemead of the death of Mrs. Sandilands, in the hospital at La Mont, after a lingering illness of cancer. She leaves to mourn her loss her husband, two daughters, Catherine, who is training for nursing at the La Mont hospital, and Betty, her eighty-year-old daughter. Mr. and Mrs. Sandilands were Dalemead residents for a number of years. Mr. Sandilands being section foreman about three years ago they moved to a farm at Blima. Mrs. Sandilands was an active

THE POLITICIAN

Speaking in Toronto the other day, Mr. Justice Riddell paid his respects to the people who look down, or profess to look down, upon politics and politicians. Thus: "A politician is one who takes an interest in the affairs of his country, in how it is governed and how its revenues are spent. Any person who looks with contempt upon a man of this kind is himself unworthy. Many who think themselves among the best people in this country could profitably cut out these words and pin them in a conspicuous place on their offices or homes."
—High River Times

POOL CONTROLS
WORLD SUPPLY

"The position of the grain supply now seems to be left almost altogether in the hands of the Canadians, who are controlling the market. Canada is producing a large amount of wheat of excellent quality, and a sort of combine there seems to be controlling 'the world's supply'."

This statement is attributed to J. A. Darwent, secretary of the Sheffield District and Fotheringham Markets Traders' Association, England, and is quoted in a recent issue of The Yorkshire Telegraph and Star. Mr. Darwent was discussing the advance in the price of flour and bread in the old country. He stated that the present price of the four-pound loaf in Sheffield is 1s. 1d. It was increased to that price from 1s. 6d. on December 19, as a result of the rise in the cost of flour.

The clipping was sent to the Alberta wheat pool headquarters in Calgary by N. V. Fearnhouse, of 102 Saltergate, Chesterfield, England, who also added some comment with regard to the sittings of the royal food commission in England, inquiring into the increased cost of bread and other foods.

GROWING POPULARITY OF
CANADIAN CANNED FOODS
AND VEGETABLES

The popularity of Canadian canned foods and vegetables has improved so much in recent years that they have won the complete confidence of the consuming public, and it is now not necessary to bring in imported products. According to the latest annual report of the Minister of Agriculture, much of this improvement is due to the observance by the canners of legal standards of quality fixed by the Health of Animals Branch. The canning companies are now receiving many repeat orders and expressions of commendation from their foreign customers. The continuance of this careful packing and observance of standards will no doubt develop and increase this branch of our agricultural activities and stabilize the industry.

The U.F.A. held their annual meeting on Friday, the following officers were elected: E. Phillips, president; Martin Van der Velde, vice-president; J. Zahle, secretary-treasurer. Mr. J. Phillips and J. E. were elected life members to the convention.

The Junior U.F.A. held their annual meeting Friday evening, and elected Percy Chalmers, president; John Nelson, vice-president; Gladys Conner, secretary-treasurer. A large number of the Juniors attended. Games were played after the meeting, and a coasting party at the home of Mr. Dixon in the near future.

Slats' Diary

Friday—well we had a swell party at our house tonight. It was initiated a new party and a lot of folks were here because they wanted to get some wares and it was cheap to cut here I guess. I was run out of town run up to go about a 11 o'clock and to bed. My partner had this about the stupidest party you ever seen and as I said it is the other folks said. What you say I go no and as I said I guess I better not see you I live here you no and it wouldn't look just rite.

Saturday—I took a book back over to James house and I seen her playing with her dog and kissing it and I says to her Cant I have a kiss to and she said well being its just after new year you can have a kiss. And she handed me the dog, but I didn't.

Sunday—Ant Emmy born I how thing today with they say if you do it every day you will be a blessed person. She had never new what a Gar Belt was something you wore in indigestion and such like.

Monday—Pa came home this evening and when he went to shave he began to Jaw. He said something was the matter with his razor because it wouldn't cut good, ma set it must be so his fault because it worked fine this morning when she was sharpening up her razor pencils with it. I didn't want to hear the rest of it.

Tuesday—the missionary society met here tonight and the women got to talking and 1 of them was a worrying because she couldn't get out of bed. Mrs. Minch said that didn't worry her none but her mane trouble was because she couldn't get into bed.

Wednesday—Ma was going to have a day suit this evening and she told me to get a bolt of sun man and bring him up for supper. She said for him to get a good bridge player. Pa miss understood her & went and bought a Brick Layer & it costed him a \$ and a quarter a hr. for using him.

Thursday—Cathie Brown says he has all ways been very saving. He said the only 2 suits that ever costed him very much money was his Wedding suit and his Devoise suit.
